

Greetings From President Norm Brown

Hello skiers! The ski season will soon be here. The work on the expansion/improvement project was completed in October and we are all very pleased with the results. The 4 km lighted trail has been upgraded and is now ready for year-round use. The biathlon range is complete and is state of the art! The club is now in the process of paying the contractor for this final stage of the project. In an effort to assist the club financially we are asking members to purchase their memberships on **Zone 4** as early as possible. This will help the club with startup costs. The club executive have been busy preparing for our first season start during a pandemic to ensure everyone is safe. Information on the clubs Covid policy will be communicated before the ski season starts. Looking forward to seeing you all on the trails!
